Clearview believes in every person's ability to heal and creates individualized treatment plans aligned with their unique needs.

Clearview is an LGBTQ+ inclusive treatment environment.

Treatment Programs

Addiction with Co-occurring Mental Health Program

A dually-licensed, inclusive, adult residential treatment program specializing in treating primary addictions and complex co-occurring mental health disorders.

Mental Health Programs

Clearview offers two inclusive, adult residential treatment programs specializing in treating primary mental health conditions.

- **Specialized Women's Program:** Treating clients with diverse gender identities, this internationally recognized program is known for its expertise in treating borderline personality disorder and emotional deregulation through the use of comprehensive DBT and other evidence-based modalities.
- **Gender-Inclusive Mental Health Program:** Treating acute mental health diagnoses leveraging medical, nursing, and clinical teams that tailor treatment within a private, home-like setting.

Outpatient Programs

Our outpatient centers offer partial hospitalization and intensive outpatient treatment inclusive programs for adults.

Our Expertise

Our programs are rooted in proven, evidence-based therapies and our clinical team works with each client to create individualized recovery plans that include the specific treatment methods that best fit their needs.

Clearview is recognized as a national leader in comprehensive dialectical behavior therapy (DBT) and community education. Along with DBT, our licensed clinicians are certified in various adjunctive and evidence-backed modalities including:

- Acceptance and Commitment Therapy (ACT)
- Cognitive Behavioral Therapy (CBT)
- Dialectical Behavior Therapy (DBT)
- Family Programs
- Mindfulness
- Motivational Interviewing
- Recreational Therapy
- Seeking Safety

Admissions, Payment, and Insurance
